Mr. Mike Lisenco, N2YBB
1635 East 46th Street

Dear Director Lisenco:

It is my fervent hope that the ARRL Board of Directors will take to heart the sentiments expressed by many of its members. You are aware of these concerns, so I will not repeat them here. I will say, however, that in my view, your proposals for amendments to our governing documents go against what has made ARRL a strong membership organization and a viable representative of the U.S. amateur radio community to our government and to the world for over 100 years.

I think you would do us all a great favor by tendering your immediate resignation as Hudson Division Director. Furthermore, I encourage you to do so before the Board meeting even begins.

I thank you for taking the time to receive my thoughts.

Sincerely,
